Appeal

In the fond memory of Late Karmaveer Bhausaheb Hiray, Mahatma Gandhi Vidyamandir's Loknete Vyankatrao Hiray Arts, Science and Commerce College, Nashik organizes a National Level Inter Collegiate Debate Competition. Our college is graced by the vision and glory of Karmaveer Bhausaheb Hiray who founded two educational institutions Adiwasi Seva Samiti and Mahatma Gandhi Vidyamandir in 1945 and 1952 respectively. The motto of the Institution is 'Bahujan Hitay Bahujan Sukhay'. During the academic year 2021-22, the college celebrated its golden jubilee and we have reached another milestone as academic year 2022-23 is the 50th year of organizing this competition.

India has recently celebrated 'Azadi Ka Amrit Mahotsav' with zeal and enthusiasm and is rapidly emerging as one of the rising economic superpower. India is expected to leave behind Germany in terms of GDP in 2025 and Japan in 2027 to become the third largest economy after the U.S. and China. India is projected to become a developed country by 2047, by the time of 100th anniversary of its Independence.

G-20 is an international forum for Governments and Central Bank Governors from 20 major countries. It is an important platform for promoting international economic cooperation and addressing major economic challenges faced by its member nations, including issues related to finance, trade, and global economic growth. As the host country, India will have a significant say in setting the agenda for the summit and shaping the outcomes of discussions.

It is for the first time an Asian country is holding the presidency since its inception, which obviously speaks about India's increasing global importance. This is a great opportunity for India to prove its economic progress and become a key player in global affairs too. This is an event which will help us in introducing our rich cultural heritage to the entire world. It will also boost Bilateral Trade Agreements and will attract Foreign Investment.

However, the other side of the coin is that Presidency of G-20 summit is a rotating position and India's presidency was inevitable. In these unprecedented times, the G-20 is at the risk of losing relevance as it is primarily a financial institution- considering the fact that major issues that dominate today are geopolitical and security focused. None of the previous host countries staged a high voltage drama as is being done around India because of this. History has proved that host countries could not achieve substantial benefit with G-20 presidency. The opposition is bitterly criticizing it as an election campaign. This summit will be utilized to distract people from real issues and challenges such as poverty, unemployment, economic disparity, climate change, terrorism, overpopulation and rising inflation. A public statement issued by a group of Indian people's movements, trade unions and other civil society accuses the Indian government of "using the G20 presidency" to seek political and electoral gains.

In this context the question is - will G20 presidency help India in becoming global superpower? It is expected that a fair and proper discussion on this topic will take place through this Debate Competition. Following our tradition this year too, we are organizing 50th edition of Karmaveer Bhausaheb Hiray debate competition which is unique in its own kind where platform is made available to the students to put forward their thoughts, ideas on contemporary issues of national significance. Through this competition, we are trying to provide a platform to the students to express their views fearlessly on the Topic "G-20 Summit Presidency is the step towards India Becoming Global Superpower."
